Diversity is Our Strength

Pursuing a Career in Medicine and Health

Middle Township High School's Academy of Medicine and Health provides a rigorous curriculum that emphasizes real world applications for students interested in medical careers.

The goal of the program is to introduce students to the numerous careers in the medical and health fields, providing them with the foundation to be successful in their postsecondary education and the professional world.

Specifically, the Academy of Medicine and Health provides courses in:

- Health and Occupational Skills
- Medical Terminology/CPR and First Aid
- Anatomy and Physiology
- Forensics
- AP Biology
- AP Chemistry
- AP Physics
- AP Psychology
- AP Calculus

Coming soon: Nutrition, Genetics

Ninth-Grade:

- Health and Occupational Skills (HOSA)

Tenth-Grade:

- Medical Terms/First Aid

Eleventh-Grade

- Forensics

Twelfth-Grade

- Anatomy/Physiology

Students in this Academy will have the opportunity to meet medical and health professionals in the field, learn specific nursing skills, become CPR- and First Aid-certified, and earn college credits.

Middle Township Academies of Study

Middle Township High School is proud to offer academy programs in multiple fields, designed to enable students to excel in a specific content area.

Our mission is to prepare students for college and career through a focused course of study, work, and eventual practicum experience, as well as through association with related national organizations.

Ultimately, students who complete their academy's course of study will graduate from Middle Township High School with a certificate of advanced standing in their area of study.
